AMERICAN REPLY TO BRITISH-GERMAN NOTE

Text Made Public by Department of State.

OPEN DOOR PRINCIPLES ENDORSED

THAT'S WHAT UNITED STATES ASKED FOR LAST YEAR.

Japan Accepts Terms of the Agreement Without Question—Now Talking About Indemnity China Must Pay.

WASHINGTON, Oct. 31.—The state department today made public the British-German agreement respecting the maintenance of the "open door" and territorial integrity of China, with the answer of the United States government sent in duplicate to each of the principals to the agreement.

"Mr. Hay to Lord Pauncefote: "Department of State.

"Washington, D. C., Oct. 24, 1900.

"Excellency—I have the honor to acknowledge the receipt of your note of the 23d of October, enclosing the text of an agreement between Great Britain and Germany relating to affairs in China, which was signed in London on the 16th instant by the Marquis of Salisbury and the German ambassador on behalf of their respective governments, and inviting the acceptance by the United States of the principles recorded in that agreement.

"These principles are:

"1. It is a matter of joint and permanent international interest that the ports on the rivers and littoral of China should remain free and open to trade and to every other legitimate form of economic activity for the citizens of all countries without distinction, and the two governments agree on their part to uphold the same for all Chinese territory as far as they can exercise influence.

"2. Her Britannic Majesty's government and the imperial German government will not on their part make use of the present complications to obtain for themselves any territorial advantages in Chinese dominions, and will direct their policy toward maintaining undiminished the territorial condition of the Chinese empire.

"The United States have heretofore made known their adoption of both these principles. During the last year this government invited the powers interested in China to join in an expression of views and purposes in the direction of impartial trade with that country, and received satisfactory assurances to that effect from all of them.

"When the recent troubles were at their height this government, on the 3d of July, once more made an announcement of its policy regarding impartial trade and the integrity of the Chinese empire, and had the gratification of learning that all the powers held similar views. And since that time the most gratifying harmony has existed among all the nations concerned as to the ends to be pursued, and there has been little divergence of opinion as to the details of the course to be followed.

"It is therefore with much satisfaction that the president directs me to inform you of the full sympathy of this government with those of her Britannic majesty and the German emperor in the principles set forth in the clauses of the agreement above cited.

"The third clause of the agreement provides:

"3. In case of another power making itself complications in China in order to obtain under any form whatever any territorial advantages, the two contracting parties reserve to themselves to come to a preliminary understanding as to the eventual steps to be taken for the protection of their own interests in China.

"As this clause refers to a reciprocal arrangement between the two high contracting parties, the government of the United States does not regard itself as called upon to express an opinion in respect to it.

"I have, etc., JOHN HAY."

(A similar note *mutandis mutatis* was addressed on the same day by the secretary of state to the imperial German charge d'affaires.)

JAPAN AGGEEDES TO TERMS OF THE AGREEMENT

BERLIN, Oct. 31.—The formal reply of Japan unreservedly according to the terms of the Anglo-American agreement, has been received at the German foreign office.

Emperor William's long conversation yesterday with the British ambassador, Sir Frank Lascelles, dealt with a number of interesting topics. His majesty expressed satisfaction at the favorable reception given the Anglo-American agreement by all the powers, which he called a "good prognostication of the speedy solution of the Chinese imbroglio."

MINISTER CONGER WANTS PRINCE TUAN BEHEADED

NEW YORK, Oct. 31.—Authoritative denial is made in Washington, says a Herald special, that the ministers in Peking have already decided to demand \$200,000,000 indemnity. It is stated that this matter has not yet been considered.

The ministers and Chinese envoys are trying to settle the punishment of the Boxer leaders and it is learned that Mr. Conger is especially desirous to have Prince Tuan executed. It was stated last night by a high official that the president will be satisfied should Prince Tuan be degraded and exiled. Germany, however, wants him beheaded.

No very vigorous steps have yet been taken to estimate the indemnity China should pay the United States. The war department is preparing to collect information as to the cost of the expedition to China, representatives of the re-

ligious denominations whose missionaries were killed and injured and missions were destroyed are conferring with Messrs. Cotger and Rockhill and private citizens whose property was destroyed have submitted claims to the state department, but they have all been notified that such action is premature.

Photograph the Baby.

Then perhaps unkind fate has something sinister in store for him, who knows?
